WHAT'S STRIKING OUR FANCY THIS MONTH

Tressed for Success

As if we needed further proof that the 'burbs are currently giving the city a solid run for its money in the style department, the new SalonCapri outpost at Legacy Place is now in full swing. All 3,200 square feet of the place ooze sleek, minimalist design, but it's as set up for function as it is for fashion. To wit: the Shu Uemura "ceremony" treatment room (the first in Massachusetts) – a sound-reducing glass cube where you can chill out during deep-conditioning hair treatments – as well as the L'Oreal Color Bar (offering full-service color consultations). And somehow, even as the 15 cutting stations (headed up by hair maestro Nick Penna) and treatment rooms (for facials, waxing, and nails) bustle with their beautifying clientele, the place still feels like an enclave of calm. ■ SALONCAPRI AT LEGACY PLACE, 406 LEGACY PLACE, DEDHAM, 781-320-0900.
